DESIGN DIN EGEN LUKSUS OG DRØMMESOFA

Tidløst dansk design, god siddekomfort og et utal af variationsmuligheder gør model Handy til et unikt møbel. Sofaen er opbygget af en række moduler, således at du selv kan designe din sofa eller hjørnearrangement - i præcis den form, størrelse og farve, som passer til netop dit hjem. Resultatet er et funktionelt møbel, der kan varieres på en lang række områder, f.eks. bentyper/placering, armlæn, armpude, søde/ryg pudetype, fast eller aftageligt stofbetræk på stel m.m. Det er kun fantasien, der sætter grænse ved model HANDY.
